VINTAGE 2019

Mild and humid year. Early budding thanks to humidity and mild temperatures in spring. Hard summer with strong heat and drought, alleviated by occasional storms. Dry, healthy vegetative periods, leading to optimum ripening. Slow and gradual harvest, thanks to incredibly good weather and no storms. A great vintage.

VINIFICATION

Gently destemmed bunches. Alcoholic fermentation and long skin maceration in stainless steel tanks at controlled temperatures. Some malo-lactic fermentation in stainless steel tanks and the majority in new barrels.

HARVESTING

Plot by plot, entirely by hand. Harvesting takes place as ripening is completed, which makes it necessary to go over several times in vineyards of different heights or exposures.

VINEYARDS & YIELDS

Selection of plots of old vines over 30 years old from Rioja Alta. Very low yields.

SOILS

The soils are determined by the complex orography of the area, from vineyards on quaternary terraces of fluvial bedding to steep slopes of tertiary origin.

AGEING IN BOTTLE

12 months minimum before the launch date.

TOTAL TIME IN BARREL

14 months in new barrels and medium toasted French and American oak barrels, providing a smooth complexity and tasty tannins.
